Vigyan Bhawan, New Delhi

CSIR-National Institute of Science Communication and Policy Research (CSIR-NIScPR), New Delhi, invites you all to participate in this engaging science communication workshop to boost your science communication skills.

About the workshop

The workshop will focus on key aspects of effective science communication, covering popular science writing, use of AI for SciComm, interactive and emerging approaches such as social media, video, and podcasts, and strategies for communicating science in Indian languages to enhance accessibility and inclusivity. It aims to equip participants with contemporary tools and perspectives to communicate science clearly, creatively, and impactfully across diverse audiences.

Participation certificates will be issued after completion of the workshop.

There is no registration fee for the workshop. No TA/DA and accommodation will be provided to the participants.

About CSIR-NIScPR

CSIR-National Institute of Science Communication and Policy Research (CSIR-NIScPR), New Delhi was established in 2021 through the merger of CSIR-NISCAIR and CSIR-NISTADS. The institute works to strengthen public understanding of science, promote evidence-based policymaking, and enhance the reach of scientific knowledge across diverse audiences. CSIR-NIScPR undertakes research studies, policy analysis, publications, outreach programmes, and capacity-building initiatives for researchers, educators, media professionals, and the public. Through its multidisciplinary activities, the institute serves as a national knowledge hub supporting science communication, documentation, and policy engagement for inclusive and informed societal development.
