VOLUME 49

NUMBER 12

DECEMBER 2011

CODEN: IJEB (A6) 49 (12) 889-988 (2011)

ISSN: 0019-5189 (Print); 0975-1009 (Online)

CONTENTS

Papers

- Transient cell function disruption by low dose acute exposure of ionizing radiation 895
Priyanka Saxena, Aseem Bhatnagar, Dhruv Kumar Nishad, Ritu Tyagi, Poonam Rana, Shakir Ali & Gaurav Mittal
- Inhibition of platelet aggregation and immunomodulation of NK lymphocytes by administration of ascorbic acid 904
Ioannis K Toliopoulos, Yannis V Simos, Telemachos A Daskalou, Ioannis I Verginadis, Angelos M Evangelou & Spyros C Karkabounas
- Differential response of tomato and tobacco to *Agrobacterium* mediated transformation with *cytokinin independent – 1 (CKI-1)* gene as influenced by cytokinin levels 909
J B Mythili, G V S Saiprasad, C Naveena, P R Rajeev & K K Upreti
- Construction and functional characterization of double and triple mutants of parallel β -bulge of ubiquitin 919
Mrinal Sharma & C Ratna Prabha
- In situ* *Carica papaya* stem matrix and *Fusarium oxysporum* (NCBT-156) mediated bioremediation of chromium 925
A Amatussalam, M N Abubacker & R Babu Rajendran
- Antiinflammatory, analgesic and antipyretic activities of *Linum usitatissimum* L. (flaxseed/linseed) fixed oil 932
Gaurav Kaithwas, Alok Mukherjee, A K Chaurasia & Dipak K Majumdar
- In vitro* and *in vivo* hepatoprotective activity of *Cissampelos pareira* against carbon-tetrachloride induced hepatic damage 939
S Surendran, M Bavani Eswaran, M Vijayakumar & Ch V Rao
- Membrane-active metabolites produced by soil actinomycetes using chromatic phospholipid/polydiacetylene vesicles 946
Maryam Mehravar, Soroush Sardari & Parviz Owlia

DNA extraction from crayfish exoskeleton Yanhe Li, Weimin Wang, Xiaolian Liu, Wei Luo, Jie Zhang & Yasmeen Gul	953
Protocol for <i>in vitro</i> somatic embryogenesis and regeneration of rice (<i>Oryza sativa</i> L.) Dipti Verma, Rohit Joshi, Alok Shukla & Pramod Kumar	958
Annual Index	
Contents	964
Keyword Index	977
Author Index	981
List of Experts	984

Erratum

Antihyperglycemic and antioxidative attribute of hydroethanolic extract of *Butea monosperma* seeds and its active constituents, by Nidhi Sharma and Veena Garg, *Indian J Exp Biol*, Vol. 49, October 2011, pp. 756-766.

Acknowledgement: Dr Gyan Singh Sekhawat is at Department of Bioscience & Biotechnology, Banasthali University, Bansathali and not at University of Rajasthan, Jaipur

Indian Journal of Experimental Biology in Open Access Mode

The Indian Journal of Experimental Biology (IJEB) is now an open access journal in the repository, NISCAIR Online Periodicals Repository (NOPR) [<http://nopr.niscair.res.in>].

Full text of all articles published in IJEB from 2006 onwards can now be accessed at NOPR in the open access mode. Papers in the current issue shall be uploaded immediately. Papers published in earlier years shall be added soon.

NOPR is based on DSpace, a digital repository software, and allows document browsing, document searching and various search options like title, author name, keywords, year, issue, etc.
